Quaker Building 200 Years Old. The Quaker Meeting House at Mushing is 200 Friends of New York State, but chiefly those of cises. The programme is sholly historical. Every thing contected with the observance of the day is being held within the old building, which ap-pears to be good for another hundred years.

Scott's Emulsion

will'cure a stubborn cough when all the ordinary cough remedies have failed. Try it for yourself. We are putting up a fifty-cent size chiefly for that purpose. A cough is usually the telltale of a weakened physical condition. Correct that condition by the use of a proper remedy and the

cough will soon disappear. Scott's Emulsion of Cod-liver Oil and Hypophosphites acts in two ways. It nourishes, strengthens and builds up the system, at the same time allays the irritation and heals the inflammation. It gives immediate relief at night from the choking sensation so often accompanying a cold. Don't be persuaded to take a substitute!
